Updated tables as of 07/07/16.

Note: We added a new table (Table 8) that includes split samples collected by DTSC's Investigative Team.

Highlighted table to follow shortly.

Thanks,
Jon Colomb

And here is more soils data. Not to put more pressure on you, but Michelle knows we are supposed to receive this and she definitely wants to see the soil summary table with these results by the end of the day. Can you do that?

Sorry, we are all cranking away on deliverables right now. If you can do this it really helps!
